BROOKLYN VILLAGE BOARD MEETING MINUTES

FEBRUARY 9, 2015

The February 9, 2015, Village Board meeting of the Village of Brooklyn was called to order at 6:33pm in the Village Hall by President Nadine Walsten. Trustees present were Pat Hawkey, Dorothy Frandy, John McNaughton, and Susan McCallum. Trustees Leavy and Klahn were absent. Others present were Clerk Strause, PW Director Langer, Britt Springer, Heather Kirkpatrick, Marilyn McDole, Mike Johnson and Teresa Pelton. All stood for the Pledge of Allegiance. There were no public comments.

Marilyn McDole, Oregon School District candidate, Area 1, introduced herself. She is a UW retired financial specialist, former UW Dept administrator, and has a B.A. in English and a Master of Arts in teaching, Business Education UW-Whitewater. She has lived in Oregon for almost 12 years and has years of experience in the financial and education areas. McDole wants to move the district forward, support students and keep teachers without forcing people out of our community. She is retired and readily accessible.

Mike Johnson, Executive Director, **Green County Development Corporation**, introduced himself. The Village is now a member of GCDC, a non-profit economic development organization, and President Walsten is the Village's representative on the GCDC Board. Johnson sees his role is to provide economic development services. Some of his services are: To help identify needs within each community; determine marketing strategy; work on local business retention and expansion; assist with developing the new business approval process so there is no duplication of time and dollars; assists by meeting with businesses and identifying trends. Johnson has met with EDC and reviewed the strategic plan; that the village is ahead of most communities in its planning process. He advised the Village consider hiring a commercial broker to market our business park.

Hawkey moved, second McNaughton to approve the minutes of 12-16-14. Motion was withdrawn for lack of majority who attended this meeting. McNaughton moved, second Hawkey carried to postpone until next meeting. Frandy moved, second Hawkey to approve the minutes of 1-12-15. McCallum requested a correction on page 2, 3rd paragraph, correcting the prospect committee should not include the Village attorney as at the April 2013 meeting it was discussed that the attorney would only be involved if there were legal issues, and the Clerk and PW Director should be added to the paragraph. The local business person to be on the committee was Scott Meier because of his expertise in building. The motion carried with the above corrections.

President Walsten attended the Green County Development Corporation's Jan 15, 2015 meeting in Monroe. Walsten also attended the Oregon Area Chamber meeting on Jan 15th in Oregon. Walsten and Clerk Strause met with the MOR Strategy Company's representatives on Jan 29th regarding employee benefits and possible cost savings. This company was referred by League of Municipalities Board for a pilot program and Walsten volunteered Brooklyn. Walsten also attended the League of Municipalities webinar on the Governor's budget on Feb 5, 2015. Walsten is attending the Governor's Conference on Economic Development, sponsored by Wisconsin Economic Development Association, in Madison this week Wed-Friday.

Clerk Strause gave the end of year financials with December revenue of \$1,302,016.80, expenses of \$121,197.91 and end of year balance in all funds of \$2,570,718.92. 2014 payable 2015 tax collection ended with 85% collected in Green County, \$517,848, and 86% collected in Dane County, \$1,183,340. The Dept of Revenue has approved a 2015 Expenditure Restraint payment for November in the amount of \$20,470. This amount is not in the 2015 budget because the amendment was not approved until the end of January. The Governor's proposed budget would eliminate the Local Government Property Insurance Fund. The League of Municipalities and the League's Mutual Insurance will work to remove the provision that would eliminate the Fund from the proposed budget as stated in their recent memo and included in Board packets. Also in the Governor's budget is a proposal for a County wide assessment system vs. local assessments and to maintain assessment levels at 100% market value every year.

Public Works: Director Langer detailed the service **contract extension for the Onan 85.0GGHG generator** that the PW committee recommends to approve costing a total of \$1467 through 2018. Hawkey moved, second Frandy, carried to approve the contract extension through 2018 as stated. The **new generator at well #2 is under warranty** thru most of this year. A three year service contract through 2018 would not exceed \$498 a year and includes a new battery. Hawkey moved, second Frandy carried to approve the PW committee recommendation for a three year contract on Well#2's new generator beginning in 2016. RFP's for **water tower inspection/cleaning** with three options were opened on 1-30-15. Option 1: DNR inspection with no cleaning, Option 2: inspection and cleaning of interior tank, Option 3: pressure wash exterior of tank mainly the bottom section. Langer/Spilde recommends hiring Lane Tank Co for \$6350 Option 2 inspection/cleaning of interior tank at \$2450 + \$3900 for Option 3. Frandy moved, second Hawkey, carried not to exceed \$6350 to hire Lane Tank Co. per above. PW & Utility Reports: Working with Strand on the sewer ordinance and phosphorous requirements. The SCADA computer and software have been ordered. Arizona State requested to do a bio solids research study on our plant. PW year end reports are done. The ice rink is solid and has been in use. Notification from the Local Government Property Ins. Fund came today that the lightening damage at well #1 in 2014 will be reimbursed \$25,514.59.

Safety: Trustee McCallum gave the monthly report in the absence of Chief Barger who is attending a conference at WI Dells. The computer server and squad car data terminal have been installed and now working through some connectivity issues. Grant money will reimburse these purchases. Because the cell-phone has been shutting off intermittently, a new phone was purchased for \$100.00 to avoid missing calls. Dane County Emergency Management is initiating a new program called "PulsePoint" which is a nation-wide app for cell phones designed to help get CPR trained people to a cardiac arrest quickly. On February 2nd, Officer Neubert stopped a vehicle for report of reckless driving. This stop resulted in the arrest of four subjects for possession of marijuana with the intent to deliver, with three being charged with being a party to a crime. Multiple charges are filed, as well as being suspects in several burglaries. A part-time Police Officer will be hired soon. No current problems reported with Dane Com. Barger is still working on purchasing protective equipment should officers potentially come in contact with a person who may have contracted Ebola. The Special Event Permit Policy and application was presented and discussed. McCallum stated this policy is not restrictive and is needed to help our departments know what is going on. There were several concerns raised. Walsten asked what timeline is given to an appeal process if the application is denied; fees are unlisted but should be known more than 60 days ahead of time and McNaughton stated Labor Day and village events would be exempt from any charges. Hawkey moved, second McNaughton, carried to postpone adoption and send back to committee for further discussion. Any trustee or others with suggestions should write these and send to McCallum. **Policy 107, Authorized Uniforms, Accessories & Equipment** was presented. Frandy requested to remove Barger's name from the last page as a new Chief would then have to adopt a new policy. Walsten requested this policy go to the Finance Committee because there is no information regarding what these items would cost and to have the Chief available to answer questions. Frandy moved, second McNaughton to send to the Finance Committee with Chief Barger present. Hawkey stated this is a policy and it is hard to set a figure on what is needed, the Chief needs more direction. McCallum asked Board members who is more qualified than the Chief to put this list together. The uniform list is designated for full time and part time officers. Walsten stated it is the employer who determines what is paid in a uniform policy and without knowing what the items cost, she was unable to vote for it. Walsten called the question with the motion carried. Voting NAY: Hawkey, McCallum. **Policy #120 Evidence & Property** was presented. McCallum moved, second Hawkey, carried to approve. **Capital Area Police Mutual Aid Response Plan (CAPMAR)** was approved for participation upon motion by McCallum, second McNaughton, carried. . Twenty two law enforcement departments are involved in this mutual aid response plan. Walsten stated this plan needs to be discussed at the next Emergency Management meeting because of the overlap.

New Business: Clerk Strause reported there is \$54,242.69 as of 1/31/15 in the **Restitution Fund**. Trustee McCallum requested that these funds be earmarked to pay back the CDBG grant if required. "There needs to be a contingency plan for a way to pay the residents back from the financial burden of years ago." Trustee Frandy requested to leave the funds where they are and if we need to bring holiday decorations up to par to use some of these funds. Walsten stated the CDBG contract is amendable and "there isn't any reason at this time to believe the Village will need to pay it back." The commission has given extensions to other entities and Dane County is vested in seeing the Business Park succeed.

Establishing an Electronic Media Committee and statement of purpose was discussed. McCallum wants people appointed to this committee to create the statement of purpose and felt the seven people listed for the committee is too large of a group. McNaughton felt the number is OK if those listed want to serve on the committee. Walsten stated Britt Springer will be the chairperson Pro Tem, the EDC rep is Heather Kirkpatrick, the Trustee rep is Pat Hawkey, recreation is Stacey Hardy, Paige Johnson is the member at large and EMS rep, Kim Brewer, Deputy Clerk, would be Ex Officio, and Walsten would also serve on the committee. McCallum asked if there is money in the budget for seven members to be paid. Frandy moved, second McNaughton to approve the appointment of members as listed to the Electronic Media Committee. Trustee McCallum voted NAY. Walsten reported she would like to investigate **live streaming of Board meetings** and upload to our website. There was consensus for Walsten to do more research on equipment and cost or other options for this.

Unfinished Business: Update on the Brooklyn Business Complex/Marketing. Walsten reported she spoke with the Cottage Grove Village President who recently announced the Stihl Company will be moving one of their operations there. President Wiedenbeck reported that the Village has hired a planner/economic development staff person who works with their commercial broker, which has been a successful team. EDC will be meeting on Thursday at the Village Hall with a recommended broker. Mike Johnson also recommends utilizing a commercial broker, which may a better use of funds than contracting with LoopNet. **Capital Improvement Plan:** Walsten expressed concerns that the capital improvement plan the Board worked on previously is a public works plan because it is focused almost exclusively on infrastructure, buildings, facilities, etc. “To have a true capital improvement plan”, she said, “the Village needs to go through a planning process to identify our values, priorities, ‘where we want to go as a village’ so future budgets and capital spending reflects that plan.” “Unfortunately, that planning process requires several thousand dollars and we do not have that in our budget for this year, but we can’t wait to begin setting aside monies for some projects coming up.” Trustee Frandy recommended this project wait until the new Board is seated in April.

Ordinance Re-Codification: Hawkey moved, second McNaughton, carried to approve **Chapter 6 Elections**. **Chapter 25 Animals** is not done. Hawkey moved, second Frandy, carried to postpone. **Chapter 29 Building Regulations** is not done. Walsten requested to have General Engineering to revise. Hawkey moved, second McNaughton, carried to postpone and get a price for the review from GEC for the next meeting. **Grading Ordinance** does not have a chapter number. This ordinance was adopted several years ago but at the last meeting, Planning and Zoning Commission recommended leaving it as is. Hawkey moved, second Frandy to approve. McCallum had several other questions/comments on this ordinance. Hawkey/Frandy withdrew their motion. McCallum moved to send back to Planning and Zoning, second Hawkey, carried, for further discussion and clarification. Hawkey moved, second Frandy, carried to approve **Chapter 2 Lost & Abandoned Property Amendment**. McNaughton moved, second Hawkey, carried to approve **Chapter 39 Sewer Ordinance**, as created by Strand Engineering. Hawkey moved, second Frandy to approve **Chapter 22 Public Nuisances**. Walsten stated the vegetation amendment offered by Ordinance Committee was not included and Hawkey agreed and approved this amendment be discarded. Discussion on the length of lawn violation was determined to be 6” and under the natural lawn section, 4d wording will remove the 300’ notice requirement to state “all boundaries/adjoining properties”. Section 22-4.11(A) definitions will add Junk: “examples, but not limited to”. Motion was withdrawn. Hawkey moved, second Frandy, carried to approve the revised Chapter 22 with changes as stated. **Chapter 23 Offenses** Drug violatons section is a combination of the City of Madison and Chief Barger’s recommendations, namely added synthetic cannabinoids as prohibited. The firearms, bow and arrow and other weapons was rewritten by Barger and Walsten. Frandy moved, second McNaughton, carried to approve Chapter 23.

Municipal Court Update: Walsten reported Belleville’s attorney had begun drafting a merger document. The plan to have combined court sessions in February, March and April has been changed so only March court session will be combined before merger document need to be finalized at the April Board meeting. (The April court session is 4/6 and the last Village Board meeting of the current Board is 4/13. The deadline to complete the merger is 4/30). Walsten said the Village will have only one combined court session to identify any location issues that may have or may not have a bearing on the merger document. Conversations with Chief Barger and Officer Engelhart in December and Judge Gehin at the December court session, indicated citations would be written with a

Belleville court location starting in February, however that did not happen which is one of the issues which prevented a February combined court session.

Consent Agenda: McNaughton moved, second Frandy, carried to approve payment of February 2015 bills.

Committee Reports: Planning and Zoning-Walsten moved, second Frandy, carried to appoint Marcia Hanson to the Commission. The next meeting will discuss whether General Engineering should continue being our zoning administrator with the absence of Rob Roth. The RFP at the time joined the two services of zoning administrator and building inspector. GEC continues to do our inspections. The duties may need to be split as Rob Roth now is an independent contractor and does not have building inspection services. **Ordinance:** No report. **Fire/EMS:** Hawkey stated she went to the meeting and they will be coming to the Village Board next month because the departments need assistance to create Human Resource policies for the planned hiring of two full-time employees in September of 2015. “They need lots of help” said Hawkey. Walsten questioned why they weren’t hiring consultants for formulating their policies. **EDC:** No report. McCallum and Hawkey requested a copy of EDC’s Strategic and Marketing Plan. The marketing plan was expanded for CDBG after the original plan was done. **Recreation-**Frandy reported they are having a health fair on Sept 9 and they are working on contributions for July fourth (4th) Dime a dip is coming up, and volunteers are needed. A children’s Fun Run will be held before the main Fun Run on June 13th. Summer recreation hiring process will start soon. **EM:** will meet soon to discuss CAPMAR. **Personnel:** No date set for a meeting. **Finance:** Union Bank & Trust will be increasing our interest rate which will be retroactive back to December. **Recycling:** Walsten is planning a meeting. **Website:** McCallum moved, second Frandy, carried to abolish the Ad Hoc Website committee as replaced by Electronic Media Committee.

McCallum moved, second Frandy, carried to adjourn at 9:12 p.m.

Carol A Strause, MMC, WCMC, CMTW
Village Clerk-Treas.

The Brooklyn American Legion has voted to match any cash donations up to \$10,000 Dollars from now until May 1st. Contact Dan Leonard @ 608 455 4059. All donation are appreciated!

President's Letter
Nadine S. Walsten
February, 2015

Since I have completed revisions on almost all the outstanding ordinances for recodification (updating), the Municipal court merger is in process and the marketing of the Business Park continues, I am at a point where I can step to the next goal of my 2013 election goals: Increasing the communication between myself, the village and, you, the residents. As a former psychiatric nurse, I believe in the axiom “Without information there is a vacuum; and with a vacuum comes suspicion filled with fear, anxiety and cynicism”. In government especially, the lack of information of decision making is especially harmful and on the local level, is toxic to creating a positive community spirit. My priorities as a President for the past 10 years has been akin to medical triage—you start with the most life threatening and most down the list from there. Unfortunately, drilling down on how to improve transparency has been one of the least critical. It is also hard to avoid having a ‘bunker mentality’ when having to deal with continued “gotcha games” being played by my detractors. (The antidote for that, BTW, is to have positive, professional, “can do” residents become involved in local politics and committees!).

One of the items in last month’s newsletter was about the need for an Electronic Media Committee to create an effective, professional program which uses social media, and other electronic platforms responsibly to communicate with you, the residents, about your government’s decisions, activities, plans, projects, events, etc. My goal is that we can create a dialogue using these tools between you and the elected officials as well as committees about important issues being discussed that affect everyone who lives in and around the village. At last night’s Board meeting this committee was approved and the following members were appointed: Brit Springer, Chairperson Pro Tem; Heather Kirkpatrick, Chairperson Economic Development Committee; Stacey Hardy, Chairperson, Recreation Committee; Pat Hawkey, Trustee; Paige Johnson, Member at Large, Kim Brewer, Ex-Officio; and myself. Aside from Trustee Hawkey, these members were selected because they are on committees (plus the Village) who are currently using social media, the LCD sign, emailed newsletter, website, and others to promote, or connect with others, about their activities. This group understands what powerful tools these methods of communication can be. BUT—there is always a “but”—we are still lacking one member from the community to bring their experience to this committee. Don’t be intimidated! No committee experience or social media expertise is necessary, just someone who uses social media to help formulate our program using their own experience as a guide. If I can persuade you to join this dynamic group, please contact me at 455-4201 X5 or Brit on the recreation committees’ Facebook page.

Speaking of social media, last month I said one of my New Year’s resolutions was to make my own Presidents’ Facebook page work for me. So what happens? My posting after the Board meeting was gobbled up by a Facebook crash or whatever it was so it was never sent and didn’t realize it had “poofed” until last week! I’ve neglected this opportunity to communicate, but my primary goal is to have an exchange between myself and residents. Because of my participation on the League of Municipalities Board, I know village presidents and mayors across the state who have on-going Facebook and Twitter conversations with their constituents, which informs their municipal decisions and I want to give this a try. If money talks in politics, it’s because we haven’t or don’t. Please give my Facebook page a try. <https://www.facebook.com/#!/pages/Brooklyn-Village-President/477635552284242>

Last night at the Board meeting I initiated one of my long term goals to achieve greater transparency about what is happening with our local government. Since Charter’s community TV channel became essentially non-functional and our equipment died, and as it became possible to use our website to either live stream or upload a video of our Village Board meetings, I have wanted to explore this alternative. I know the meetings can be deadly dull, (I do sit through them, you know!), but the discussion or debate on agenda items is there for your understanding should you wish to follow the Board’s decision making process. The Board approved my doing research to see what is needed, or what options are out there, for implementing such a task and report back next month. With the formation of the Electronic Media Committee this could also be something they could evaluate. Obviously, such a decision would need Board approval, but it is a common event in a surprising number of communities across the state and, in my view, worth trying.

Nadine

PUBLIC WORKS DEPT

Brush pickup will begin in April.

Snow removal: It is against Village Ordinance to blow, plow or shovel snow into or across the street. Sidewalks need to be cleared within 24 hrs. Also be sure to keep snow clear from fire hydrants.

WRITE ONE LESS CHECK EACH MONTH!

Pay your water bill automatically on the 25th of each month. Contact Kim at 455-4201 ext. 1 for more information

SPRING ELECTION

Tuesday, April 7th

Polls will be open from

7 am – 8 pm

PLEASE COME OUT AND VOTE!!!

News from Your Senior Center

By Rachel Brickner

The next month is full of opportunities to learn new things and enjoy yourself at the Oregon Area Senior Center. Spring will be here on its own timetable, so while you wait anxiously for its arrival (and all of the chores you need to do once it is here), why not come to the Senior Center to put your time to productive use? From mid-February through mid-March we have programs scheduled that will benefit your brain, inform you about estate planning, help you appreciate art, teach you about whole grains, and have you swinging to big band sounds or doing the jig for St. Patrick's Day. Here is a run-down of some of the special programs scheduled:

- Make Half Your Grains Whole—UW Extension Nutrition Education, Friday Feb. 20 at 9:00.

- The Health Implications of Aging—a half hour health talk presented by the Rho Chi Pharmacy Honor Society, also Friday, Feb. 20, at 10:45.
- The Retro Swing Band—an 18-piece ensemble that plays vintage music, Monday, Feb. 23 at 1:00 (please reserve your seat by calling 835-5801 in advance).
- Norman Rockwell's Art—a discussion with Michael Hecht, Thursday, March 5 at 1:00.
- Estate Planning and Probate—a presentation by Atty. Beth Cox, Monday, March 9 at 10:45.
- St. Patrick's Day Program--Fiddlers Ann and Sid—Tuesday, March 17 at 1:00. Corned beef and cabbage lunch served at 11:45. (Reservations for lunch must be made in advance—the cost of the meal is a donation for those 60 and over. Call 835-5801 for reservations or with questions.)
- Is "Swing Bed" Right for Me? An Inpatient Rehab Informational Program—presented by Stoughton Hospital on Thursday, March 19 at 1:00.

In addition to these one-time offerings, mid-March will see the Senior Center start a series called Brunch for Your Brain. At 10:30 AM on Tuesdays and Thursdays between March 17 and May 21, two retired teachers from the Oregon School District will be helping seniors keep their brains sharp and healthy. This will be a fun course covering a wide variety of topics. Space is limited, pre-registration is required, and there is a fee of \$10 for the course.

Take advantage of the time before spring arrives to try out some new offerings at the Senior Center. Learning new things, and socializing with others, are both important to maintaining good health. There are no membership fees associated with the Center and no charge for any of the programs listed above except Brunch for Your Brain. You are welcome to come and enjoy the services and programs offered at your Senior Center.

Village Wide Garage Sales Friday, Saturday April 24 & 25 (Watch for Ad Purchase in Oregon Observer)

“Annual Business Expo” Open to all businesses in the Brooklyn Area- Saturday April 25, 2015

8:00 am to Noon

“Brooklyn Community Building” 109 N. Rutland

Booth space is FREE for Brooklyn Area Chamber of Commerce members and non-profits. Non-members - \$40 per booth, approximately 10' X 15". Set-up time is Friday evening, 5 – 9 pm or Saturday morning 6 am. Reserve your space by Friday April 10th to be included in the Expo Brochure. Booths must be reserved no later than April 17th.

DOOR PRIZE-

2 TICKETS TO THE KALAHARI

And others donated by vendors.
No Admission charged.

3 Speakers starting at 8:30 am.

- Levi Cutler CFP,AIF Certified Financial Planner, "Protect Your Identity"
- Robert B Helvey, Middleton Community Bank, "Mortgage Lending for Small Businesses"
- Dane Buy Local, "What is Dane Buy Local All About"

UPCOMING EVENTS

We are now kicking it into high gear as this is the busiest time for Brooklyn Recreation. We will be hosting Free Family Movie night on the first Saturday each month through May 2nd.

SPONSORS WANTED:

We are looking for Sponsors for two of our upcoming events.

First is *Rec Run*. This year we have added a NEW 1k Kids Run to our 5k run/walk. The kids run will be prior to the 5k run. If you enjoy running consider sponsoring our event. Please contact Stacey H at recreation@brooklynwi.gov for more information as well as if you are ready to pre-register.

Second is our *4th of July Entertainment & Fireworks Show*. Our annual fireworks display that Dan Dean (From Brooklyn Fire & EMS Department) put on. This event is solely put on though donations from our community and Brooklyn Recreation is looking for those that would like to contribute anywhere from a dollar or more. Please email us at recreation@brooklynwi.gov for more information on sponsor levels.

Did you see our "Just wanted to say..." post (www.brooklynrecreation.org/just-want-to-say)? Be sure to check it out.

Free Family Movie Night
March 7th • 7pm
April 4th • 7pm
May 2nd • 7pm

Dime A Dip
May 7th we will hold our 23rd annual Dime a Dip. Looking for Donated Dishes & Volunteers

Rec Run
June 13th • Legion Park
Pre-Registration Coming Soon!
