(a) *Requirement.* A person shall provide a sample of his or her breath for a preliminary breath screening test if a law enforcement officer has probable cause to believe that the person is violating or has violated the intoxicated operation of an all-terrain vehicle or utility terrain vehicle law and if, prior to an arrest, the law enforcement officer requested the person to provide this sample.

(b) *Use of test results.* A law enforcement officer may use the results of a preliminary breath screening test for the purpose of deciding whether or not to arrest a person for a violation of the intoxicated operation of an all-terrain vehicle or utility terrain vehicle law or for the purpose of deciding whether or not to request a chemical test under sub. (4p). Following the preliminary

breath screening test, chemical tests may be required of the person under sub. (4p).

(c) *Admissibility.* The result of a preliminary breath screening test is not admissible in any action or proceeding except to show probable cause for an arrest, if the arrest is challenged, or to show that a chemical test was properly required of a person under sub. (4p).

(d) *Refusal.* There is no penalty for a violation of par. (a). Subsection (13) (a) and the general penalty provision under s. 939.61 do not apply to that violation.

(4j) APPLICABILITY OF THE INTOXICATED OPERATION OF AN ALL-TERRAIN VEHICLE OR UTILITY TERRAIN VEHICLE LAW. In addition to being applicable upon highways, the intoxicated operation of an all-terrain vehicle or utility terrain vehicle law is applicable upon all premises held out to the public for use of their all-terrain vehicles or utility terrain vehicles, whether such premises are publicly or privately owned and whether or not a fee is charged for the use thereof.

Any person who engages in the operation of an all-terrain vehicle or utility terrain vehicle within this state is deemed to have given consent to submit to one or more chemical tests of his or her breath, blood or urine for the purpose of authorized analysis as required under sub. (4p).

(4p) CHEMICAL TESTS. (a) *Requirement.* 1. ‘Samples; submission to tests.’ A person shall provide one or more samples of his or her breath, blood or urine for the purpose of authorized analysis if he or she is arrested for a violation of the intoxicated operation of an all-terrain vehicle or utility terrain vehicle law and if he or she is requested to provide the sample by a law enforcement officer. A person shall submit to one or more chemical tests of his or her breath, blood or urine for the purpose of authorized analysis if he or she is arrested for a violation of the intoxicated operation of an all-terrain vehicle or utility terrain vehicle law and if he or she is requested to submit to the test by a law enforcement officer.

2. ‘Information.’ A law enforcement officer requesting a person to provide a sample or to submit to a chemical test under subd. 1. shall inform the person of all of the following at the time of the request and prior to obtaining the sample or administering the test:

a. That he or she is deemed to have consented to tests under sub. (4L).

b. That a refusal to provide a sample or to submit to a chemical test constitutes a violation under par. (e) and is subject to the same penalties and procedures as a violation of sub. (4c) (a) 1.

c. That in addition to the designated chemical test under par. (b) 2., he or she may have an additional chemical test under par. (c) 1.

3. ‘Unconscious person.’ A person who is unconscious or otherwise not capable of withdrawing consent is presumed not to have withdrawn consent under this paragraph, and if a law enforcement officer has probable cause to believe that the person violated the intoxicated operation of an all-terrain vehicle or utility terrain vehicle law, one or more chemical tests may be administered to the person without a request under subd. 1. and without providing information under subd. 2.

(b) *Chemical tests.* 1. ‘Test facility.’ Upon the request of a law enforcement officer, a test facility shall administer a chemical test of breath, blood or urine for the purpose of authorized analysis. A test facility shall be prepared to administer 2 of the 3 chemical tests of breath, blood or urine for the purpose of authorized analysis. The department may enter into agreements for the cooperative use of test facilities.

2. ‘Designated chemical test.’ A test facility shall designate one chemical test of breath, blood or urine which it is prepared to administer first for the purpose of authorized analysis.

3. ‘Additional chemical test.’ A test facility shall specify one chemical test of breath, blood or urine, other than the test designated under subd. 2., which it is prepared to administer for the purpose of authorized analysis as an additional chemical test.

4. ‘Validity; procedure.’ A chemical test of blood or urine conducted for the purpose of authorized analysis is valid as provided under s. 343.305 (6). The duties and responsibilities of the laboratory of hygiene, department of health services and department of transportation under s. 343.305 (6) apply to a chemical test of blood or urine conducted for the purpose of authorized analysis under this subsection. Blood may be withdrawn from a person arrested for a violation of the intoxicated operation of an all-terrain vehicle or utility terrain vehicle law only by a physician, registered nurse, medical technologist, physician assistant, phlebotomist, or other medical professional who is authorized to draw blood, or person acting under the direction of a physician and the person who withdraws the blood, the employer of that person and any hospital where blood is withdrawn have immunity from civil or criminal liability as provided under s. 895.53.

5. ‘Report.’ A test facility which administers a chemical test of breath, blood or urine for the purpose of authorized analysis under this subsection shall prepare a written report which shall include the findings of the chemical test, the identification of the law enforcement officer or the person who requested a chemical test and the identification of the person who provided the sample or submitted to the chemical test. The test facility shall transmit a copy of the report to the law enforcement officer and the person who provided the sample or submitted to the chemical test.

(c) *Additional and optional chemical tests.* 1. ‘Additional chemical test.’ If a person is arrested for a violation of the intoxicated operation of an all-terrain vehicle or utility terrain vehicle law or is the operator of an all-terrain vehicle or utility terrain vehicle involved in an accident resulting in great bodily harm to or the death of someone and if the person is requested to provide a sample or to submit to a test under par. (a) 1., the person may request the test facility to administer the additional chemical test specified under par. (b) 3. or, at his or her own expense, reasonable opportunity to have any qualified person administer a chemical test of his or her breath, blood or urine for the purpose of authorized analysis.

2. ‘Optional test.’ If a person is arrested for a violation of the intoxicated operation of an all-terrain vehicle or utility terrain vehicle law and if the person is not requested to provide a sample or to submit to a test under par. (a) 1., the person may request the test facility to administer a chemical test of his or her breath or, at his or her own expense, reasonable opportunity to have any qualified person administer a chemical test of his or her breath, blood or urine for the purpose of authorized analysis. If a test facility is unable to perform a chemical test of breath, the person may request the test facility to administer the designated chemical test under par. (b) 2. or the additional chemical test under par. (b) 3.

3. ‘Compliance with request.’ A test facility shall comply with a request under this paragraph to administer any chemical test it is able to perform.

4. ‘Inability to obtain chemical test.’ The failure or inability of a person to obtain a chemical test at his or her own expense does not preclude the admission of evidence of the results of a chemical test required and administered under pars. (a) and (b).

(d) *Admissibility; effect of test results; other evidence.* The results of a chemical test required or administered under par. (a), (b) or (c) are admissible in any civil or criminal action or proceeding arising out of the acts committed by a person alleged to have violated the intoxicated operation of an all-terrain vehicle or utility terrain vehicle law on the issue of whether the person was under the influence of an intoxicant or the issue of whether the person had alcohol concentrations at or above specified levels or a detectable amount of a restricted controlled substance in his or her blood. Results of these chemical tests shall be given the effect required under s. 885.235. This subsection does not limit the right

of a law enforcement officer to obtain evidence by any other lawful means.

(e) *Refusal.* No person may refuse a lawful request to provide one or more samples of his or her breath, blood or urine or to submit to one or more chemical tests under par. (a). A person shall not be deemed to refuse to provide a sample or to submit to a chemical test if it is shown by a preponderance of the evidence that the refusal was due to a physical inability to provide the sample or to submit to the test due to a physical disability or disease unrelated to the use of an intoxicant. The safety certificate requirement under sub. (5) is a creation of the legislature, and the legislature has specified who is required to comply with the requirement. When a person is not required to obtain a safety certificate, that person cannot be negligent for failing to do so. *Hardy v. Hoeflerle*, 2007 WI App 264, 306 Wis. 2d 513, 743 N.W.2d 843, 06–2861.

County forest roads open to vehicular traffic are highways that can be designated as routes under sub. (8) (b). 77 *Atty. Gen. 52*.

Even if the primary purpose of designating short county highway segments as ATV routes is to allow a private organization to enhance its system of trails that benefit club members and their invitees, such designations will not violate the public purpose doctrine if no county resources are expended and no county expenditures occur as a result of those designations. *OAG 3–11*.
